

Things you could do at home:

- Look out for numbers in the environment, ask what numbers they can see, encourage your child to count objects
- Talk about the sky and what you can see, clouds, the moon, the sun

I'm An Alien Creature

I'm an alien creature from outer space with an alien body and an alien face

I've got sixty four alien toes, and an extra terrestrial purple nose

Alien creatures have alien arms, and we count them among our physical charms

Bright green ears and a luminous eye, golly I'm a good looking guy!

This week our topic is:

In Space

W/c 27.04.15
3-4 Room

The information in this leaflet is for parent/carer reference only and is representative of the learning that week not definitive

This week we will be.....

Sand and Water area—

In the sand tray we will be making moon dust for the children to play with

Messy area—

Tooth brush painting

Mark Making—

Drawing space pictures with chalk

Finger gym activities—

Spaceship threading

Number lines

Pipe cleaner aliens
